Quality-Built
WorkForce HD Brake Pads

Hardworking vehicles need hardworking brake pads, and Quality-Built Work force brake pads deliver every time. Specially formulated friction compounds are designed for high-heat situations that push brake pads to the limits.

- Long wearing friction formulas
- Multi-layer noise abatement shims
- OE design slots and chamfers
- Low rotor wear for extended braking life
- Stainless steel hardware included where required
- Precision cut backing plates for hassle-free installation
- Post cured and scorched for easy bed-in
- Perfect for high-heat, repeat stop situations
- HD vehicles, towing, fleet vehicles, off-road applications
- Copper-free 2025 compliant formulations
- Part number sequence starts with 1002 prefix
- Over 500 SKU's for complete coverage for fleet and towing applications
