

QUALITY-BUILT TO LAST.

Trust Quality-Built With Every Stop.

Premium Coated Brake Rotors

Quality-Built Premium Coated Brake Rotors provide like-new stopping performance without noise, vibration, or fade. Each Quality-Built rotor features OE style vane designs that promote efficient cooling and improved stopping power in all stopping situations.

- OE Style Symmetric Vane Designs
- G11H18 Alloys for Strength
- Mill Balanced
- Straddle Cut to Eliminate DTV (Disc Thickness Variation)
- Non-Directional Friction Surfaces
- Installation-Ready Without Cleaning
- Q-Shield Protective Coating
- Passenger Vehicles, SUV's, Light Duty Trucks

Q-Shield Brake Rotor coatings provide exceptional protection from corrosion and rust without harmful chemicals or plating processes. With complete rotor surface coverage, Q-Shield delivers superior rust protection from the inside out, maximizing rotor service life.
